

## Millennium Dome

Project:	Millennium Dome
Sector	Commercial
Client:	
Contractor:	NMEL
Value (approx.):	£1.05 Million
Completion Date:	1999
Description of Works:	The dome is now better known as the 'o2 Arena' it was originally constructed to celebrate the turn of the millennium. Hargreaves involvement was to install large dia stainless steel external duct on each of the 6 internal office/control buildings located within the dome. The challenge was to design the complex support structure onto which the ducting was fixed.
